this textbook provides a survey of sociology as the scientific study of society sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity it focuses on the influence of our relationships around us and how they affect our behaviors and attitudes the author approaches this subject with a desire to help students find and use sociology in everyday life

this is an introductory sociology text that shows students how sociology is relevant in their daily lives

coinciding with the four hundredth anniversary of the birth of the baptist movement this book explores and assesses the cultural sources of baptist beliefs and practices although the movement has been embraced enriched and revised by numerous cultural heritages the

baptist movement has focused on a small group of anglo exiles in amsterdam in constructing its history and identity robert e johnson seeks to recapture the varied cultural and theological sources of baptist tradition and to give voice to the diverse global elements of the movement that have previously been excluded or marginalized with an international communion of over 110 million persons in more than 225 000 congregations baptists constitute the world's largest aggregate of evangelical protestants this work offers insight into the diversity breadth and complexity of the cultural influences that continue to shape baptist identity today

the story of global sport is the story of expansion from local development to globalized industry from recreational to marketized activity alongside that each sport has its own distinctive history sub cultures practices and structures this ambitious new volume offers state of the art overviews of the development of every major sport or classification of sport examining their history socio cultural significance political economy and international reach and suggesting directions for future research expert authors from around the world provide varied perspectives on the globalization of sport highlighting diverse and often underrepresented voices by putting sport itself in the foreground this book represents the perfect companion to any social scientific course in sport studies and the perfect jumping off point for further study or research the routledge handbook of global sport is an essential reference for students and scholars of sport history sport and society the sociology of sport sport development sport and globalization sports geography international sports organizations sports cultures the governance of sport sport studies sport coaching or sport management

incentives for innovation are particularly relevant in the pharmaceutical industry where not all social needs provide equally profitable opportunities and where most oecd countries try to implement different measures that promote research in these less profitable areas this book describes how incentives can be provided to deal with less profitable activities when no clear markets exist for the innovations the book discusses alternative mechanisms to substitute for inexistent markets situations where traditional instruments have proven totally insufficient and the clear mismatch between the size of the markets being targeted and the incentives being provided patents become an ineffective way to incentivise r d when the appropriability is low this book provides alternative ideas such as allowing for a period of data exclusivity to firms that develop new drugs

global health arguably represents the most pressing issues facing humanity trends in international migration and transnational commerce render state boundaries increasingly porous human activity in one part of the world can lead to health impacts elsewhere animals viruses and bacteria as well as pandemics and environmental disasters do not recognize or respect political borders it is now widely accepted that a global perspective on the understanding of threats to health and how to respond to them is required but there are many practical problems in establishing such an approach this book offers a foundational study of these urgent and challenging problems combining critical analysis with practically focused policy contributions the contributors span the fields of ethics human rights international relations law philosophy and global politics they address normative questions relating to justice equity and inequality and practical questions regarding multi organizational cooperation global governance and international relations moving from the theoretical to the

practical global health and international community is an essential resource for scholars students activists and policy makers across the globe

this custom edition is published for the university of south australia it is compiled from sociology global edition 16th edition sociology a global introduction 5e

this concise yet comprehensive overview of the political and economic development of the world's cities offers a unique emphasis on its cultural impacts the book emphasizes the transition from modern industrial to post modern post industrial eras and its effect on established and developing global cities and arguments are supported with case studies for each of the main concepts of urban theory and research mark abrahamson analyzes contemporary global cities ranging from lagos to los angeles paris to beijing helping students relate concepts to concrete places and understand the global nature of contemporary urban development rigorous yet accessible this textbook includes key learning features designed to enrich student understanding and engagement including chapter by chapter glossaries summaries and suggestions for further reading

this work achieves a balance between the methodology and science of politics and the type of text that gives an understanding of key concepts theories and foundations of political science the author blends a nuts and bolts approach with meaningful historical and contemporary political examples and a strong theoretical background written in an exceptionally clear tone and accompanied by websites exercises and readings this text reaches out to the introductory level student while also presenting material that can be used for continued training in scholarly research

this provocative book takes a new approach toward understanding the uneven flows of global communications rather than guiding its discussion by geography types of media or traditional separations of power and resistance global communications examines political economic power and communication in relation to historically specific encounters with modernity it underscores lived experiences in its approach to globalization showing that the state and the market can both be sites of empowerment just as civil society might also be a site of repression taking a political economic analysis of communication and culture this dynamic group of international authors looks beyond developments in the north american information and culture industries to map new forms of citizenship and exclusion the chapters spotlight china ghana india japan palestine russia singapore and venezuela and foreground the transnational formations of the european union the pan arab and spanish speaking markets and civil society actors in sub saharan african the middle east and north america theoretically driven and empirically grounded global communications defines communication broadly to include production circulation and consumption and addresses urgent questions about the inequalities of globalization and the possibilities of hybrid cultural forms and practices

seminar paper from the year 2004 in the subject business economics business management corporate governance grade 1 7 university of applied sciences fulda 3 entries in the bibliography language english abstract 1 introduction the moving of the business world into an interdependent global economic system is referred to as globalization¹ the principal goal of a globalization strategy is successful economic development in different countries but we

see also the influence of the globalization process on social political and culture life one of most difficult barriers for this process is cultural values and norms of civilisations despite of process of market and production globalization and as of world modernisation that could guide to universal civilisation the countries are different because their evolution process and culture are different even if there is no reason to think that these differences bring to conflict between civilisations in future it is necessary to know that making contact between various cultural societies demands great effort in following paper we will discuss about a global marketing management a new product development and implementation at the global market and also about global human resources management we will illustrate some aspects to which a manager of an international firm must do attention doing business we look at such elements which constitute a firm's global managing such as brands and their attributes distribution system exactly said differences in distribution system then we look at principal facts challenging a new product development each product must be viewed in light of how it is perceived by each culture with which it comes in contact an established product in one culture may be considered an innovation in another is critical in planning and developing consumer products for foreign markets if we will discuss about managing functions we will examine also global human resource management

distilling information on foreign countries and providing cutting edge commentary and analysis 101 trends presents key economic stats their interpretations 101 charts graphs tables

scientific study from the year 2019 in the subject social studies general grade 7 1 language english abstract as climate change is a prominent challenge in today's world a global awareness towards achieving individual environmental change is necessary this social research looks into how participating in climate strikes can lead to adopting a pro environmental consumer behaviour pecb the quantitative analysis measured 105 questionnaires while the qualitative part analysed 12 interviews with students studying in the netherlands france belgium germany and luxembourg changes in pecb were discovered by looking at the mechanisms endogenous factors exogenous factors and altruistic values which emerge during climate protests the analysis established a positive relationship between the feeling of belonging to a group of like-minded people and pecb furthermore an overall positive change in pecb before and after participating in the climate protest however the quantitative results for the relationship in the belief in achieving a change and pecb were inconclusive for the qualitative findings the concept of gaining altruistic values was under-represented the concepts of achieving a change and belonging to a group of like-minded people were highlighted by all interviewees concludingly the participation in strikes only slightly increases pecb as other factors of the person's individual life also affect a change of behaviour
